Jerzy Dąbrowa

Social Activist of the Year 2017

World Polonia Games are the source of the rebirth of patriotic feelings even in those who do not show interest in their national origin.

He was born in Przysucha, Polska – in the Province (as it was then) of Radom in 1958.

From 1978 to 1989, he studied and worked at the Swietokrzyski University and as a result, his passion for sport was born through his participation and membership via the various sports and training clubs in the cities of Skarzysko-Kamienna and Kielce.

In 1989, he immigrated to Canada with his family and his passion for sports transferred onto Canadian soil while playing for a Polish European handball team in an official Ontario league. This love for sports spilled over into joining the Polish-Canadian team in the World Polonia Games. He is the manager of Team Canada during the World Polonia Games with Piotr Lach and Zbigniew Jozwiak along with managing the not for profit organization "Pol-Can Sport Team Canada." Since 2007, he has been promoting the ideas of the World Polonia games in Canadian sports associations and clubs, schools and universities, organizations and associations throughout Canada. The result of all of this has yielded a large, and growing, team of Polish-Canadian athletes during the World Polonia Games in Torun (2009), Wroclaw (2011), Kielce (2013) and Katowice (2015) and the continued representation of Team Canada on the podium and medal standings. In addition, Team Canada's children and youth are equipped with free-to-play outfits, money earned from private sponsors, and organized social events such as picnics and fundraisers. The World Polonia Games is a social and athletic event which was initiated by then Polish President Ignacy Mosicki in 1934. This is not merely a sporting event, but primarily the opportunity to explore one's historical and cultural roots.

Participant and multiple Canadian gold medalist in athletics and swimming (masters category). In 2015, he was the co-founder and member of the World Federation of Polonia Sports, which brings together about 20 sports communities from all over the world.

He is the owner of a construction company which works with builders Caliber Homes and Sky Homes.

He invites anyone and everyone, in whichever capacity, to join Team Canada in Torun in August, 2017. www.igrzyskapolonijne.ca

Ted Opitz

Political Leadership of the Year 2017

Ted Opitz was born in the Parkdale area of Toronto in 1961 and is the youngest of four children. Ted's parents were originally from Poland and immigrated to Canada shortly after WW2. During the war, Ted's mother was a forced labourer in Nazi Germany. Ted's father was a soldier when the war began and fought both Nazis and Soviets. Captured by the Soviets he was sent to a Gulag and later released and served in the Polish 2nd Corps. Like many Polish veterans and their families Ted's parents came to Canada to start a new life after WW2.

Ted enrolled as a private in the Canadian Army Reserves in 1978 and rose to the rank of Lieutenant-Colonel during 33 years of service, which included an overseas posting to Bosnia as a member of NATO's Stabilization Force (SFOR). Ted served in a variety of roles ranging from Assistant Chief of Staff at Canadian Forces College, an infantry skills instructor, and military planner for World Youth Days 2002 and Pope John Paul II visit to Canada. In 2006, Ted was the lead planner of a tour of the Royal Regiment of Canada Band to Poland, which was amongst the first significant military exchanges at that time. Prior to running and being elected to Parliament for the first time in 2011, Ted was the Commanding Officer of The Lincoln and Welland Regiment. Ted is grateful to the Canadian military for teaching him the values of leadership, responsibility, humility, duty and service to Canada.

In business, Ted worked in the telecom industry starting as a technician later working in high speed internet development.

As a Member of Parliament, Ted served on many committees; Defence, Immigration, Procedures and House Affairs and Veterans Affairs. Ted was influential in helping establish Operation REASSURANCE, the Canadian military mission to Poland, and Operation UNIFIER the Canadian training mission to Ukraine. Both missions were in response to Russian aggression. Ted was so outspoken about Russia's aggression not only in Ukraine, but its threat to Poland and the Baltic nations as well as Russia's potent propaganda that he was among 13 Canadians banned from Russia. A singular distinction that he considers a badge of honour.

Ted continues to be active in the Defence and Security field.

Uber is excited to support the 2016 Canada-Poland Chamber of Commerce Excellence Awards Gala. We are passionate about celebrating our city and the communities that make it great.

Since 2012, riders and driver-partners have travelled over 122 million kilometres together—that's over 300 trips to the moon! At the core of it all are over 15,000 driver-partners who've chosen to access flexible earning opportunities through ridesharing.

Driver-partners have the opportunity set their own schedules to earn additional income around their daily lives. They empower our city every day as they keep Toronto moving, and help over 500,000 riders get where they need to be.

With the introduction of uberHOP and uberPOOL in Toronto, we're helping put more people in fewer vehicles. Since launching in January, Torontonians have already shared over 300,000 uberPOOL rides! We want to be part of the solution by taking cars off the road, reducing congestion and lowering carbon emissions.

Newly launched uberASSIST and uberWAV are at the forefront of improving access to safe, reliable rides for everyone in our city. We've worked closely with accessibility community leaders to bring these services to those who need them most. Today, because of these ongoing efforts, we're proud that Toronto has become the 2nd largest provider of wheelchair accessible rides in North America for Uber.

Enter UberEATS, and hungry Torontonians now have the city's top restaurants at their fingertips. In less than 11 months since launch, UberEATS has grown to deliver over 100,000 meals from over 150 local restaurants. It's been a huge boost in demand for small businesses; helping connect them with new customers from across the city and ultimately create more jobs. Dig in Toronto!

We're always innovating to ensure that residents and visitors to our city have access to safe, reliable transportation and flexible earning opportunities. It has been an incredible journey so far, and we look forward to seeing what's yet to come.

Thanks for coming along for the ride and enjoy the event!

Paweł Zajac

Dental Clinic of the Year 2017

Dr. Paweł Zajac was born in Lublin, Poland. At the age of thirteen he immigrated with his family to Canada. During his high school and university years he has been involved in the local Polish community. Since he was 6 years old he was a dancing in the Lublin National Folk and Dance Company. After coming to Canada he continued his dancing 'career' as part of "Lechovia" Polish Canadian Folk Dance Company extensively travelling around North America and the world, cultivating Polish culture.

Dr. Paweł Zajac has always been good with his hands. Like many mechanically-minded boys, he loved to work on things and "tinker" just for fun. He would get lost in simply trying to figure out how something works by taking them apart. At one point in his education he wanted nothing more than to become a commercial pilot. This dream was shattered as soon as he found out that pilots cannot wear glasses. His family dentist at the time, his approach to treating patients along with his passion for work were key factors that influenced Dr. Paweł's decision to become a dentist.

Dr. Paweł Zajac graduated in 1999, obtaining his DDS degree from the faculty of dentistry at the University of Toronto. During the first few years of working as an associate he decided to open his own dental clinic providing comprehensive dental treatment under one roof. Currently he owns two dental clinics, Zajac Dental and East Oakville Dental Centre. His clinics offer full scope of dental services with the emphasis on full mouth rehabilitation, dental implants, orthodontics and cosmetic dentistry.

Dr. Zajac is a member of various dental organizations, such as International Association for Orthodontics, American Academy of Functional Orthodontics, Academy of General Dentistry, and The International Congress of Oral Implantologists.

Dr. Zajac and his clinics have been actively involved in promoting Polish culture by sponsoring various social and artistic events.

Dr. Zajac is an avid vintage motorcycle connoisseur and has a lifelong passion in restoring them. Along with his wife, Dora he is involved with the raising of their three children. They enjoy dancing, travelling, hiking, skiing, and numerous other outdoor activities.
